RE: Draft Phase III Remedial Investigation  
IR Program Site 07, Calf Pasture Point  
Naval Construction Battalion Center, Davisville, Rhode Island  
Addendum Comments  
Submitted 19 August 1996

Dear Mr. Otis;

The Rhode Island Department of Environmental Management (RIDEM) Office of Waste Management has reviewed the above referenced document. An additional comment is attached.

If you have any questions or require additional information please call me at (401) 277 3872 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.  
Principal Sanitary Engineer

Addendum Comments for:

**Draft Phase III Remedial Investigation  
IR Program Site 07, Calf Pasture Point  
Naval Construction Battalion Center  
Davisville, Rhode Island**

Submitted 19 August 1996

**19. Table 6-3, Selection of Chemicals of Concern from List of Detected Analytes in Sediments.**

Please be advised that many of the Risk-Based Concentrations noted in this Table are higher than the soil standards in the Site Remediation regulations which are also risk-based. This is particularly true of the metals. The values in this column should be changed to reflect the more conservative Rhode Island standard where it is applicable.
